END OF SEMESTER REPORT

OFFICE OF THE PRESIDENT MAKERERE UNIVERSITY CHEMICAL SOCIETY (MUCS)

Dear gallant intellectuals, it's my honor to congratulate you about having successfully completed this semester and academic year. Thanks go to Almighty God for having aided us throughout this semester. Sincere gratitude goes to each member who contributed towards the running of the society this semester. This communiqué is to offer you the updates so far as regards to the plans we have for the society in 2014/2015.

1. SCIENCE EXHIBITION

This is usually on 10th November 2014. According to the meeting of college leaders held on 16th May 2014, we resolved that project proposals should be handed in to the respective societies in college of natural sciences thus this is to inform all students that are receiving proposals together with the research secretary **Hon. Wasibani Peter Paul**. Please make sure you forward your proposal before the deadline.

2. HANDING DINNER

This was held at Emerald Hotel on 12th April 2014. It was a combined dinner between MUCS and CHETESA (Kyambogo University Chemistry and Technology Student's Association). A rough estimate of 80 people turned up and the event emerged a success. It's our prayer that the cooperation between the two societies remains vibrant.

3. ANNUAL A-LEVEL CHEMISTRY SEMINAR

It's my pleasure to remind you about the annual A-level chemistry seminar which is going to take place on 28th June 2014. This will be during holiday times but students who will be around in recess and others who will be near the university are called upon to attend. The invitation letters are ready so you are requested to pick for your former school and take it in advance for the betterment of the society and your school.

4. WELCOMING AND USHERING IN OF FRESH MEN AND FRESH WOMEN

As you are aware that next semester ushering we are ushering in fresh men and fresh women it's our duty to give them a warm welcome and ushering to the ivory tower. A lot of activities will be conducted in the orientation week thus it's my humble request that you come and join us in these lucrative activities.

5. AQUIRING OF COMPUTER

The office has of recent acquired a computer (systems unit) from the department which is expected to ease the work of records management. As the president I want to extend my appreciation to the academic staff of the department of chemistry especially our patron who is at the same time the head of chemistry department **Dr. Mohammad Ntale**.

6. SOCIETY BANK ACCOUNT

MUCS has a bank account (savings account operated jointly) in crane bank **ACC NO 0142054174000**. The signatories of the account are the president, treasurer and the secretary. For our regime we have successfully changed the signatories of the account to the new regime. Therefore you are requested to utilize it effectively. Starting with next semester most of the payments to the society will be made through banking.

7. PROJECTS

For the case of the projects we decided to start with the extraction of mosquito propellants. Everyone is requested to forward at least an idea towards this project. Others proposals are also accepted through the office of Research Secretary

I WISH YOU SUCCESS IN YOUR EXAMS

NIWEMUHWEZI ANSELM

PRESIDENT

MAKERERE UNIVERSITY CHEMICAL SOCIETY
